**RESULTS:**

**TOTAL LEAD CONTENT IN SURFACE COATING ("Ban of Lead-containing paint and certain consumer products bearing Lead-containing paint", Consumer Product Safety Improvement Act (CPSIA) of 2008))**

| Element:                              |                   |   |       | Lead           |                     |
|---------------------------------------|-------------------|---|-------|----------------|---------------------|
| Requirement: Maximum allowable limit: |                   |   |       |                |                     |
| CPSC limit:                           |                   |   |       | 600 mg/kg      |                     |
| CPSIA limit (August 14, 2009):        |                   |   |       | 90 mg/kg       |                     |
| Sample Description                    |                   |   |       | Result (mg/kg) | Conclusion          |
|                                       | Color / Component | Location  | Style |                |                     |
| (A)                                   | All color coating | Outside of tin  | -     | LT 7           | Pass with comment 1 |
| (B)                                   | White coating     | Inside of tin   | -     | LT 8           | Pass with comment 1 |
| (C)                                   | All color coating | Front of puzzle/score boards                              | -     | LT 7           | Pass with comment 1 |
| (D)                                   | White coating     | Back of puzzle/score boards                               | -     | LT 7           | Pass with comment 1 |
| (E)                                   | Black coating     | Front of puzzle cards                                     | -     | LT 7           | Pass with comment 1 |
| (F)                                   | White coating     | Front of puzzle cards                                     | -     | 13             | Pass with comment 1 |
| (G)                                   | All color coating | Back of puzzle cards, front & back of prize & wheel cards | -     | 10             | Pass with comment 1 |

LT = Less Than

mg/kg = milligrams per kilogram (ppm = parts per million)

\* = Average of duplicate analyses

Remark:

In some cases, the tested component cannot be tested individually due to overlapped coatings or insufficient sample weight based on 12 pcs of samples.

Comment 1: Compliance with current 16 CFR 1303 regulations and modified 16 CFR 1303 regulations of August 14, 2009.

Comment 2: Compliance with current 16 CFR 1303 regulations but non-compliance with modified 16 CFR 1303 regulations of August 14, 2009.
